NOTICE TO SAILORS

Notice to Sailors – PY Ratings and Declaration of Sails

The PY ratings for the 2026 Ambassadors' Cup have been established based on each boat's sailing performance across the various National & Club Sailing Events, with particular emphasis on white-sail races, together with available information on sail dimensions declared in their IRC certificates.

Competitors are reminded of the importance of fair competition and are expected to race in good faith. Any boat intending to use a larger headsail than that normally used in Club racing is requested to declare this to the Race Office before the race, so that the Handicap Officer may review the assigned PY rating and make an appropriate adjustment where necessary to ensure fair competition.

All competitors are expected to uphold the principles of sportsmanship and fair play under RRS Rule 2.
